RESPONSIBLE GAMBLING MESSAGE

Tabcorp Wagering believes that industry, government and the community have a shared responsibility to help prevent the development of gambling related problems, and to ensure that problem gambling support services are available for those individuals requiring assistance.

For the majority of people, gambling is a pleasurable leisure activity and an enjoyable form of entertainment. Tabcorp appreciates that a small proportion of people experience problems with their gambling. As a result Tabcorp Wagering has developed this Wagering Responsible Gambling Code of Conduct ("the Code") which outlines practices adopted by us when providing services to our customers. Tabcorp's Responsible Gambling message will be displayed where it is clearly visible to customers.

This Code reflects our commitment to our customers. We welcome feedback on our ongoing commitment to our Responsible Gambling initiatives.

Robert Nason
Managing Director Wagering

2. TABCORP WAGERING RESPONSIBLE GAMBLING CODE OF CONDUCT

2.1 Aim of the Code

A key aim of this Code is to provide a single document for all customers across Australia who use Tabcorp Wagering products and services.

It is designed to:

- be aligned with the Victorian Responsible Gambling Ministerial directions.

The Tabcorp Wagering Code of Conduct must be approved by the Victorian Commission for Gambling Regulation.

In some cases, there are some aspects of this Code that only apply to customers in certain states. Where this occurs, we will clearly note that the obligation is only applicable to customers in that state.

2.2 Objective of the Code

Tabcorp Wagering respects the rights of our customers to enjoy our products and services. Customers must take responsibility for their own conduct, but Tabcorp Wagering also acknowledges our own responsibility to our customers to provide them with appropriate information that may assist them to manage their gambling, if they require this support.

The primary objective of this Code is to ensure a standard framework is in place across Tabcorp Wagering that ensures:

- Customers make informed decisions about gambling;
- Where customers require assistance, to facilitate their access to gambling help services;
- The maintenance of meaningful relationships with our stakeholders in order to enhance our understanding of problem gambling through liaison with community groups, governments, problem gambling counsellors, our employees and industry groups.

2.3 What this Code includes

- Our commitments to our customers in relation to responsible gambling;

- How this Code is administered.

2.4 The Code applies to:

- Tabcorp and our employees;

From time to time, we may revise this Code. The updated version of the Code must be approved by the Victorian Commission for Gambling Regulation before its release. Following approval, the updated version of the Code will be available in our retail network on our Customer Information Terminals, where applicable; or on our website www.tab.com.au. We will inform our customers when we update this Code via customer newsletters and on our website.

In some circumstances, there are aspects of this Code that only apply to certain customers in certain states. Where this applies, we will ensure that it is clearly noted.

2.6 Conflict with Legislation and Codes of Conduct

Where there is any conflict between this Code and any Commonwealth or State legislation or regulation, the higher standard will apply.

Furthermore, this Code is to be applied in conjunction with, and as deemed necessary, will be in addition to any other applicable industry responsible gambling codes of conduct and/or practice we adopt within local jurisdictions

Throughout this Code, we make certain commitments to our customers. The nature of our business means that we rely on people employed in our retail network to fulfil such commitments. Outlets in our retail network are owned and operated independently of Tabcorp Wagering, and this includes TAB wagering facilities located within hotels, licensed clubs and other facilities, however Tabcorp Wagering remains responsible for providing the retail network with the tools and training to maximise compliance by these Agents with this Code.

We will use our best endeavours and take all responsible steps to ensure there is a commitment to the requirements of this Code from our Agents in the retail network and all staff employed by those Agents in the retail network.

3. OUR COMMITMENTS

Tabcorp Wagering is committed to making responsible gambling information available to our customers and employees so that our customers are able to make informed decisions regarding their entertainment choices.

A review of compliance with this Code (including compliance with this Code by our retail network) will be undertaken by the Tabcorp Regulatory and Compliance team on an annual basis. The Regulatory and Compliance report will be provided to the Tabcorp Wagering Risk and Compliance Committee and this Committee will manage any required changes to this Code.

This process will incorporate engagement with our customers, employees, representatives from gambling industry groups, problem gambling counselling services and community groups.

We will also conduct a further assessment of this Code on an as needs basis where there are significant changes in the Responsible Gambling environment. We will provide information on request regarding this Code to interested stakeholders, including relevant community groups and agencies, governments, regulators, problem gambling counsellors and industry groups.

3.4 Tabcorp Wagering Policies and Procedures

Tabcorp Wagering ensures that all employees and the Tabcorp retail network is provided with compliance tools, information and training that supports this Code, and the responsible delivery of our wagering products and services.

These include operational policies and processes, clear lines of accountability for compliance with the Code, reporting mechanisms to report breaches of the Code and follow-up procedures for dealing with responsible gambling issues. We will also monitor the implementation and ongoing management of this Code throughout Tabcorp and the Tabcorp retail network.

3.5 Training

Tabcorp Wagering requires all employees, Agents and their employees to understand the commitments and provisions of this Code and applicable regulations. We aim to ensure that all employees, Agents and their employees:

- Are equipped to deliver our wagering products and services to customers in accordance with this Code;
- Understand the possible behavioural indicators of problem gambling;
- Are equipped to maintain appropriate records of incidents occurring within their outlet; and
- Have the skills to deal with customers sensitively.

We require all employees, Agents and their employees to be trained in Responsible Gambling or take part in a Communications Program regarding our wagering products and services. The training and the Communications Program includes information on Responsible Gambling matters, including our Self Exclusion Program and requires employees to understand the gambling support and counselling services available to customers, including applicable contact details.

All employees are trained in Responsible Gambling matters, this Code and the Tabcorp Wagering Self Exclusion Program via the Tabcorp Wagering Induction Program. Some employees involved in selling our gambling products undertake further targeted Responsible Gambling training.

Tabcorp Wagering provides refresher training to all staff at least once every two years and includes responsible gambling material in employee newsletters and magazines and displays responsible gambling material in the workplace to remind staff of Responsible Gambling policies and their responsibilities.

Agents and their employees are required to attend TAB Accreditation training. Tabcorp Wagering manages TAB Operator and TAB Licensed Venue Manager Accreditation Training Programs. Training in Responsible Gambling matters, this Code and the Tabcorp Wagering Self Exclusion Program forms an integral component of these training programs.

3.6 Key Performance Indicators

All employees that engage with customers have Responsible Gambling requirements as part of their Key Performance Indicators. At quarterly intervals, they are assessed by their manager against these Indicators.

Tabcorp Wagering's Shine Awards carry a category of "Responsible Gambling". Employees are encouraged to nominate other employees for a Shine Award who have demonstrated a commitment to Responsible Gambling.

In the retail network, the Agency agreement between the Agent and Tabcorp Wagering requires a commitment to Responsible Gambling measures. Responsible Gambling breaches have a zero tolerance approach and Agency agreements can be terminated for breach of Responsible Gambling obligations.

3.7 Indicators of Problem Gambling by employees or customers

Tabcorp Wagering employees, Agents and their employees are trained in identifying behaviours that may indicate a customer has a problem with their gambling. Where an employee, Agent, their employee or customers are exhibiting or displaying observable signs of distress, or behaviour indicating a problem with their gambling, we:

- Ensure that they are provided with information on access to support services;
- Provide information to them on BetCare, our self exclusion program;
- Consider involuntary exclusion from our products and services;
- In the case of employees, Agents, and their employees, provide them with access to our Employee Assistance Line, managed by an external and independent professional counselling service;
- Support them in a sensitive and appropriate manner.

Signs that an employee, Agent, their employee or a customer requires assistance may include:

- Requests for self-exclusion, or self disclosure of a gambling related problem;
- Aggressive and anti-social behaviour, such as physical or verbal abuse; and,

- Requests to borrow money for gambling related purposes.

Employees, Agents and their employees are not trained to make assessments as to whether an individual is or is not a problem gambler, but must be aware of and respond to such indicators of distress in a sensitive manner.

We require that action taken in such circumstances be recorded by employees in the retail network in an appropriately maintained Responsible Gambling incident register.

3.8 Tabcorp Employee Gambling policy

Non-compliance is treated as a serious breach of a key policy, providing the MD Wagering with the power to discipline the employee, terminate the employment of the employee or terminate the contract of the contractor.

The policy places a range of restrictions on the ability of our employees to participate or otherwise engage in wagering activities operated by us whether on or off duty. This includes not permitting our employees to take part in totalisator betting whilst on-duty (unless authorised by the MD Wagering under the Tabcorp Wagering Exception Process as part of an employees’ official duties). In the case of fixed odds betting, Wagering employees cannot bet at any time whether they are on or off duty.

It is expected that senior employees will request their immediate family not to engage in betting on fixed odds products and services.

We encourage these venues to also have in place policies relating to the participation of employees in gambling products at their venue during off-duty periods.

6. RESPONSIBLE GAMBLING

6.1 Minors

Our services are designed to be used by adults, defined as people aged 18 or over. It is illegal for minors to gamble with us, have an account with us or to be registered on our online wagering websites. We strictly prohibit minors from gambling.

Tabcorp Wagering will take all reasonable steps to ensure that minors cannot use our services. Before opening an account with us, customers must provide a date of birth and assert that they are over the age of 18.

The Tabcorp Wagering retail network must display signage stating that minors are not permitted to gamble.

We also have appropriate warnings on our websites stating that minors are not allowed to wager online and cannot be registered with us.

Our terms and conditions state that minors cannot bet with us and place obligations on our customers not to allow minors to bet via their accounts or disclose their security details.

If we determine that a customer has opened an account and they are under the age of 18, or that a person is allowing a minor to bet using their account, we will immediately close those accounts and report the matter to the Tabcorp Wagering Risk and Compliance Committee.

The retail network has processes in place for checking the identification of persons seeking to purchase bets or collect dividends, to ensure that only persons 18 years participate in wagering activities. All TAB outlets carry "minors" signage at all places where bets are placed and, if applicable, where ATM or EFTPOS machines are situated. 6.2 The Gambling Environment

Retail outlets have in place television screens that allow customers to view televised races. These races are scheduled throughout the day. Customers can use these scheduled races to ensure that they are aware of the passing of time.

In addition, Agents and their employees are provided with quarterly reminders of their obligations to ensure that they manage and monitor their environment for customers who have been in their outlet for lengthy periods of time. Agents and their employees are encouraged to speak directly with such customers to ensure they are aware of the passage of time.

7. SUPPORTING RESPONSIBLE GAMBLING

7.1 Working with the community

In pursuit of the highest standards of customer care, and to strengthen our understanding of problem gambling, we liaise formally on a quarterly basis, or more often as required, with problem gambling related support services, community groups, and all relevant tiers of government and industry groups.

7.2 Support services

Within the retail network, we require a senior employee (preferably the Agent) to act as a contact point for information on problem gambling support services and matters related to responsible gambling.

The Tabcorp Wagering retail network displays responsible gambling messages and makes available information for gambling support services for individuals and/or their families as to where to obtain assistance to manage a gambling problem. Some of these signs are required by law, and some are created by Tabcorp Wagering and displayed voluntarily within the retail network. The information and messages available will be reviewed and updated on a bi-annual basis. Tabcorp Wagering last conducted a review of its Responsible Gambling signage in January 2009.

Responsible Gambling signage is displayed at all points where bets are accepted and, if the outlet has an ATM or EFT POS facility, Responsible Gambling signage will be displayed at that point.

We make available on www.tab.com.au information on responsible gambling and where and how to seek assistance with a gambling related problem.

7.3 Tabcorp Wagering's Voluntary Self-Exclusion program - BetCare

Tabcorp Wagering manages a voluntary self-exclusion program, BetCare. BetCare is a key component of Tabcorp Wagering's Responsible Gambling strategy. All outlets (including all licensed venues) in the TAB retail network must participate in the BetCare program

BetCare is a voluntary scheme managed by Tabcorp Wagering and is designed to assist customers who have an acknowledged gambling problem.

Customers can be excluded from up to 15 TAB Agencies and licensed venues in Victoria and New South Wales. The initial period of self-exclusion is a minimum of six months to an indefinite period of time.

Tabcorp Wagering makes available, upon request:

- Information on how to access the self exclusion program, including what is involved with self-exclusion, how to apply, what procedures are involved, what information and documents customers must provide, and contact information for problem gambling support services;
- Upon request we will also enable customers to exclude themselves from our products and services via our telephone and Internet facilities.

Tabcorp Wagering also removes self excluded people from our promotional mailing databases and, where applicable, any loyalty programs that we may operate.

Tabcorp Wagering ensures that every approach by a customer about self-exclusion over the telephone or Internet is responded to within 24 hours of an approach being made.

Tabcorp Wagering ensures that if an approach is made by telephone and the customer states that they require assistance with their language, Tabcorp Wagering will provide a translation service during the application process.

BetCare allows for the provision for immediate referral of any customer that requests it to their state-based counseling service.

Where a customer requests revocation of their self excluded status, customers are required to assert that they have taken steps to seek assistance for their gambling problem. Where a customer has requested an indefinite exclusion and later wishes to revoke their "indefinite status", these customers must present to Tabcorp Wagering a notice from a registered gambling counselling facility stating that the person may re-commence to hold an account with Tabcorp Wagering. Other customers must either present this notice from a registered gambling counselling facility or sign a Deed of Release acknowledging that they have sought assistance for their gambling problem.

Tabcorp Wagering has comprehensive policies and procedures in place for BetCare, such as, incident reporting (that is, if a customer breaches their self exclusion status, employees in the retail network are obliged to report this to Tabcorp Wagering), storage of data and the identification and management of self excluded patrons.

Tabcorp Wagering's Regulatory and Compliance team evaluates and reviews the operation of BetCare on a bi-annual basis.
