Demerits Register

Notes

The VCGLR must keep a Demerits Register, and must record in the Demerits Register a demerit point against a licence/permit when it is incurred.

A demerit point applies to a licence/permit for a period of three years from the date on which it was incurred.

The VCGLR must suspe1nd a licence/permit if it reaches the following thresholds:

- 24 hour suspension – accrual of five demerit points within three years of the date of the first demerit point being recorded in the Demerits Register
- 7 days - accrual of 10 demerit points within three years of the date of the first demerit point being recorded in the Demerits Register
- 28 days - accrual of 15 demerit points within three years of the date of the first demerit point being recorded in the Demerits Register.

Demerit points will be removed from the Demerits Register in the following circumstances:

- the VCGLR grants an application by a licensee to deduct a demerit point(s) from the Demerits Register; or
- the demerit point expires (on the day immediately after three years since the date the demerit point was incurred).
- the Penalty Infringement Notice is withdrawn by the issuing authority.

Refer to the VCGLR website (www.vcglr.vic.gov.au) for more information about the demerits point system.
